### Proposed Maps for District-Based Elections

We need your input by August 21 on the two maps showing proposed elections districts!

*After several public meetings and a great deal of productive input from the community, the Half Moon Bay City Council has narrowed-down the proposed election district maps to two options (101b and 106b). The final map will be selected by the City Council at its meeting of August 21.*

*You can provide your comments below, or you may: send an email to [jblair@hmbcity.com](mailto:jblair@hmbcity.com); mail your comments to City Clerk, 501 Main Street, Half Moon Bay, CA 94019; comment in person at the City Council meeting on Tuesday, August 21, 2018, 7 pm, at Ted Adcock Community Center, 535 Kelly Avenue.*

I select Map 101b. I do not want my neighborhood (Patrick Way and Erin Lane) to be separated from the rest of the downtown area. East of Hwy 1 should be one district.

Thank you,  
June Baxter

Map 101b is our preferred map. Both highway one and highway 92 are natural boundaries that should keep their integrity as much as possible. The 101b map is clearer and more intuitive. Thank you for the opportunity to provide input, Elizabeth and Ralph Weber

Ms. Blair,

Writing to voice my support for District Election Draft Map **101b**. The alternative fractures district 3 too much to be a good choice. Thank you.

Justin Stockman

I prefer map 106B. I think it has cleaner lines and, generally keeps neighborhoods more intact. I think approach will help citizens to understand which district they are in and help representatives to be able to communicate more easily to their district.

**Subject:** I Choose District-Based Elections Draft Map 101b

Dear Jessica Blair, HMB City Clerk:

The website and form listed in Wednesday's HMB Review for our online comments does not exist. So I'm hoping this email address, which was also printed in the Review, is correct, because I want my voice counted prior to the August 21 Council Meeting.

**101b** is my choice because it keeps established neighborhoods together by recognizing proximity and the natural flow of pedestrians, autos and buses in the area. I very much appreciate the fact that it keeps the senior and Latino neighborhoods along the southeastern side of Main St. together all the way down to Higgins/Purrisima. Moreover, people living south of 92 and east of Main have little neighborhood connection or cause to travel to the area north and east of Main (proposed District 1) unless they visit the high school. Almost the only connection is via auto drive-by.

**I am a senior who lives off Stone Pine Rd in proposed District 3, map 101b.** Most of my activities are centered on Main Street, so I usually walk there. And if need be, I can walk to New Leaf or Safeway shopping area. I haven't driven north of 92 in months; I have no reason to. That means as a voter I would be totally unaware and uninformed about issues pertaining to District 1 on either map. In contrast, I'm very much aware of conditions, events, etc. in **District 3, map 101b.**

As an aside, I appreciate the concept of district elections, but personally I don't think they are practical for cities the size of Half Moon Bay and smaller.

Thank you for your attention.

Sincerely,  
Suzanne Black

I like 101b because it uses Hwy 1 as a natural divide and keeps Kelly Ave together with the neighborhood to the South. With the elementary school nearby, the entire neighborhood is connected from North of Kelly and South, even farther than the limit placed in 101b.

I prefer plan 101b because it has mostly the business district and only a small part of the neighborhoods as district 3. Version 106b includes more of the neighborhoods in district 3. I believe the business district's businesses would have different priorities than the homeowners and should have a district that represents them rather than a district with conflicting needs and preferences. Bonnie Okonek

I prefer 101b. It appears like it divides us up into more cohesive sections than the 106b.

My vote is for map 106. The casa del mar neighborhood should not be carved out to be with the neighborhoods across the highway as we have different issues specific to those of us who live on the westside of hwy 1.
